

Standard Enclosures

WELK-KO FABRICATORS, INC.

MADE IN THE USA

Welk-ko Fabricators offers an extensive variety of single and multi-door enclosures. Anything from a junction box, HMI enclosure to a custom twenty-door enclosure can be fabricated to your specifications. Welk-ko specializes in putting in all holes and cutouts with a CNC punch press. As always, these enclosures can be painted any color in house. With a wide variety of options seen below, the possibilities are endless for your enclosure needs.
